ACT OF INCORPORATION.

As Approved March 28th, 1849, and as Amended by
Act No. 240, Session Laws of 1875.

SECTION 1. *Be it enacted by the Senate and House of Representatives of the State of Michigan,* That Isaac Moffat, Jr., Luther H. Trask, Jeremiah P. Woodbury, Alexander Buel, Horace Starkweather, (Nathaniel A. Balch,) Epaphro Ransom, David B. Webster, and Mitchell Hinsdell, and their successors, be and they are hereby constituted a body politic and corporate, by the name and style of the "Trustees of Mountain Home Cemetery," and by that name to have perpetual succession, and be capable of suing and being sued, pleading and being impleaded, answering and being answered unto, defending and being defended, in all suits, complaints, matters and causes whatsoever, in any court of law or equity in this state; and to have a common seal, and to make all such by-laws, rules and regulations (not repugnant or contrary to the law of the land) as they may deem necessary relative to said cemetery, and the good government and management thereof.

SEC. 2. The said trustees shall elect one of their own number as president, another as secretary,

and another as treasurer; that in case of the death, resignation, or removal of any of the trustees from the county of Kalamazoo, the other members shall elect a suitable person to supply every such vacancy; and vacancies happening in any of said offices, from any of said causes, shall be filled in the same manner; that said trustees may from time to time appoint a superintendent and such other officers or agents as they may deem necessary.

SEC. 3. The said corporation may purchase and hold such real estate as may be deemed expedient for the purposes of laying out and establishing a rural cemetery, to be reserved as a place of interment, in the vicinity of the village of Kalamazoo, and to make additions to said real estate from time to time as may become necessary, either by purchase, gift, grant or otherwise; but all such real estate, whether by original or subsequent purchase, shall be reserved for no other purpose than for a cemetery, and such fixtures as shall be necessary to belong to it. And such real estate shall never be sold or converted to any other use forever hereafter, than the one expressed in this section. The plat of said cemetery, to be adopted by the said trustees, or the avenues, roads, walks, or ground laid off and reserved for shrubbery or other ornamental purposes, shall never be subject to be changed or altered, except by a unanimous vote of all the trustees. And all moneys realized from the sale of lots after paying the original purchase price of

said land, shall be appropriated at the discretion of the corporation to the improvement of said cemetery; or a portion of said avails may be set apart as a permanent fund. And the interest of which shall be hereafter and forever annually expended in keeping the said cemetery in repair and good order.

SEC. 4. The said corporation shall cause a plat of said ground, embracing all roads, alleys, lots, &c., to be put on record or on file in the office of the register of deeds for the county of Kalamazoo, and that the title to lots in said cemetery may be passed to individuals by a certificate to be signed by the president and countersigned by the secretary, under the corporate seal, but always subject to the by-laws, rules and regulations which may be adopted by the trustees. And said certificates shall be recorded by the secretary of the corporation in a book to be kept for that purpose.

SEC. 5. All lands now held, or which may hereafter be acquired by said corporation for the purposes aforesaid, shall be forever exempted from all public taxes and assessments, and from all liability to be sold on execution, or for the payment of debts by assignment, under any insolvent law. The said corporation may hold in trust any donation or bequest of property, and may apply the same, or the income thereof, in the improvement or embellishment of the cemetery, or for the erection, repair, preservation, or removal of any receiving tomb, monument or fence, or for the

planting or cultivation of trees, shrubs, flowers, plants, in and around any cemetery lot, or for the improvement of said premises in any other form or manner conformable to the terms of said grant or bequest.

SEC. 6. If any person shall wilfully destroy, mutilate, deface, injure or remove any tomb, monument, gravestone, or other structure or thing placed or designed for a memorial of the dead, or any fence, railing, curb or other thing intended for the protection or for the ornament of any receiving tomb, monument, gravestone, or other structure before mentioned, or of any enclosure for the burial of the dead; or shall wilfully destroy, mutilate, remove, cut, break or injure any tree, shrub or plant, placed or being within or around any such enclosure; the person so offending shall be punished by fine not exceeding five hundred dollars, nor less than ten dollars, or by imprisonment in the county jail not more than one year.

SEC. 7. This act shall take effect and be in force from and after its passage, and shall be subject to the provisions of chapter fifty-five of the revised statutes, as far as it is in accordance with the provisions of this act.

BY-LAWS, RULES AND REGULATIONS.

1. It shall be the duty of the trustees to appoint a Superintendent of the grounds.

2. The Superintendent, under, and by the direction and advice of the Trustees, shall have the general oversight of the cemetery grounds, and all property belonging to, or used in or about said cemetery, with power to employ a Sexton and such other help as may from time to time be deemed necessary for the purpose of ornamenting and taking care of the cemetery grounds and property, and be vested with all other rights and privileges requisite to carry into effect the rules and regulations of this incorporation, by and under the direction and advice of the Trustees aforesaid, and shall receive such compensation for his services as may be fixed and agreed upon annually by the Board of Trustees.

3. The Treasurer shall be required to give bonds in such sums as the Trustees from time to time shall require, and to their acceptance.

4. The Trustees shall appoint from their number a Committee on Finance and for auditing ac-

counts, of three members, of whom the Secretary shall be one. Also a Committee on Grounds, to consist of three persons, two of whom, at least, shall be members of the Board of Trustees.

5. When any account shall have been allowed by the Auditing Committee, the Secretary shall draw an order on the Treasurer, who shall pay the same, and retain such order as his voucher for such payment.

RULES REGULATING

THE

PURCHASE AND CARE OF LOTS.

1. Persons desiring to purchase a lot should first visit the cemetery, when the Sexton will show the various lots ready for sale, and state the prices for the same, and if one is selected the party will receive a ticket, giving the number of the lot and the section. The purchaser should then go to the office of the Treasurer and pay for the same, and receive a certificate of ownership.

2. The conveyance of lots to any person or persons shall be by a certificate, the form of which is to be prescribed by the Trustees; and when once conveyed is not to be reconveyed, unless permission so to do is given by a vote of a majority of the Board of Trustees. All interments in lots for which certificates for ownership have been issued, shall be restricted to the members of the family and relatives of the proprietors thereof, except special permission to the contrary be obtained in writing from the President or Secretary. Nor are the lots ever to be

used for any other purpose than the interment of the dead.

3. No improvement can be commenced on any lot or interment made therein until paid for and a receipt obtained for the purchase money thereof from the Treasurer.

4. Any enclosures erected around lots shall be within the lines of said lot, and shall not exceed three feet in height, and no enclosure shall be erected without the approval of the Superintendent as to style and material.

5. All trees to be removed or planted in any lot shall be so done under the direction and approval of the Superintendent.

6. Owners of lots may ornament the same with shrubbery; but no shrubbery shall be allowed to grow on any lot above five feet in height, without the consent of the Superintendent.

7. Any shrub or tree which by their branches or otherwise may become detrimental to the adjoining lots or paths may be removed by the Superintendent under the order of the Committee on Grounds, and for that purpose the said Superintendent, and said Committee, shall have full right and power to enter upon any such lot and remove any such thing therefrom.

8. If any monument, effigy or any other structure, or any inscription, shall be placed in or on any lot, and be determined improper or offensive by the Trustees, or a majority of them, it shall

be the right and the duty of the Trustees to enter in and upon such lot and remove, or cause to be removed, any such offensive or improper thing.

9. All excavations, grading or removal of earth or rubbish, shall be excavated, graded and removed in such way, place and manner as the Superintendent may direct; and any person or persons failing or refusing to comply with these regulations may thenceforth be excluded from the ground.

10. No person except the Trustees, Superintendent or other employes, under their direction, shall be permitted to enter on any lot without the consent of the proprietor thereof.

11. No fence of wood will be allowed around any lot. Any person having a hedge around their lot must keep the same well trimmed, so as to present a neat appearance; and in default thereof the Superintendent and Committee on Ground may enter upon such lot and in their discretion remove such hedge with or without notice to the owner. On and after the first day of January, A. D. 1878, the planting of hedges of any kind around lots is strictly prohibited.

12. Any person owning a lot without either hedge, stone coping or fence around such lot, by making a permanent deposit of fifty dollars with the Treasurer of said cemetery; or in case there is either a hedge or stone coping, then by making a deposit of seventy-five dollars as aforesaid,

or in case there is a fence, then by making a deposit of one hundred dollars as aforesaid, the interest thereof will be expended annually by the Trustees in keeping such lot in a neat manner forever.

13. No tomb or vault of any description, except a public receiving tomb shall be erected or allowed in said cemetery.

14. Heavy loads will not be allowed to enter the grounds unless by permission of the Superintendent.

RULES AND REGULATIONS,

TO BE OBSERVED BY

LOT-HOLDERS AND VISITORS.

1. The Secretary or Trustees will issue to each proprietor a ticket of admission into the cemetery with a vehicle on any day, except Sunday, at any time between sunrise and sunset, and on Sundays with members of their households only, between the hours of 3 and 6:30 o'clock P. M., under the following regulations, a violation of which, or a loan of the ticket involves a forfeiture of the privilege. In case of the loss of their ticket the proprietors are requested to apply to the Secretary or Treasurer, from whom a new one can be obtained; this is necessary as the gate-keeper's orders are to admit no vehicle without a ticket or permit.

2. Any person can visit the ground on foot any day except Sunday and Holidays, observing proper deportment; but children under twelve years of age must be in charge of some person who will be responsible for their good behavior.

3. Strangers can receive, on application to any Trustee, a permit to enter the cemetery with a carriage on any other days than Sundays and Holidays.

4. The gates shall not be opened before sunrise nor after sunset for the admission of visitors, and no visitors will be permitted on the grounds before the first or after the last mentioned hours.

5. No money is to be paid to the gate-keeper.

6. No persons are to be admitted on Sundays or Holidays except proprietors and their households and persons accompanying them, and then only between the hours of 3 and 6:30 o'clock p. m.

7. No refreshments, and no party carrying refreshments, will be permitted to come within the grounds of the Mountain Home Cemetery.

8. All persons who shall be found within the grounds making unseemly noises or otherwise conducting themselves unsuitably to the purposes to which the grounds are appropriated, will be requested to leave the grounds, and on refusal, will be compelled to do so, and will be prosecuted accordingly.

9. No vehicle is to be driven in the cemetery faster than a walk, nor in any place except in the carriage road, without a permit from the Superintendent or Committee on Grounds.

10. No horse is to be fastened except at the posts provided for that purpose.

11. No horse is to be left unfastened without a keeper.

12. No person is to be admitted on horse-back.

13. All persons are prohibited from gathering any flowers, either wild or cultivated, or breaking any tree, shrub or plant.

14. All persons are prohibited from writing upon, defacing or injuring any monument, fence or other structure in, or belonging to the cemetery, or any proprietor thereof, and from crawling under or climbing over or through the fences thereof.

15. All persons are prohibited from carrying or discharging fire-arms on the cemetery grounds, except on occasions of military interments, and not then without the permission of a majority of the Trustees.

16. The Superintendent of the grounds, the gate-keeper, or any person acting under them, shall have a right to require his or her name from any person who shall visit the grounds; and upon his or her refusal, or giving a false name, to exclude such persons from the grounds.

17. Five dollars reward is offered to any person who shall give information to the Trustees which shall lead to the conviction of the offender of any trespass done by taking or plucking any flowers, shrubs or trees within the grounds, or of any other offense against the laws and regulations provided for the protection of the cemetery and the monuments and erections therein.

IMPROVED GROUNDS.

Portions of the grounds of the Cemetery have been recently improved and laid out into lots, which are to be sold only upon the condition that said lots are to be kept perpetually in good order by the Corporation.

The prices fixed upon these lots is intended to cover, in addition to the value of the ground and improvements, a sum, the interest upon which will be sufficient to compensate for the perpetual care of the lots.

The lots which are sold upon conditions as above stated, are located in the portions of the grounds which are sub-divided into sections, each section being numbered.

Proprietors of these lots will be required to observe the following rules, in addition to the rules and regulations governing other portions of the Cemetery :

Rule Concerning Improvements on Lots.

1. In order to produce a natural and pleasing surface to these entire sections of grounds, the grade of all lots will be determined and fixed by

the Board of Trustees, and no change in the grade will be permitted thereafter.

2. The landmarks or corner-stones indicating the boundaries of the lots, will be set by the Superintendent, and the same shall not be altered or removed.

3. Enclosures around burial lots in the form of fences, either of wood or iron, hedges, wooden trellises, posts and chains, coping or curbing of any kind, are considered useless incumbrances, and are therefore prohibited.

4. The proprietor of any lot will be permitted to erect one or more monuments or headstones thereon. Headstones for graves will not be allowed to exceed twenty inches in height, from the ground; exceptions can only be granted on extra fine works of art, and by special permission from the Committee on Grounds in each particular case. All erections known as head and foot boards are prohibited.

5. Trees and shrubs will be planted in accordance with the general plan for the ornamentation and embellishment of the Cemetery, under the direction of the Committee on Grounds. Additional planting by the proprietors of lots will be permitted; provided, however, the Committee on Grounds approve of the trees or shrubs proposed to be planted, and designate the location of the same.
